Anthony A. Marnell, III
Founder, Chairman & Chief Executive Officer
M Resort Spa Casino

Anthony A. Marnell, III is the Founder, Chairman and Chief Executive Officer of the M Resort Spa Casino in Las Vegas. Through his vision and leadership, the M Resort has established a reputation for personal, hands-on service and value.

A dynamic business visionary, Anthony is the son of casino-building pioneer Tony Marnell II. Tony built, owned and operated the Rio All-Suite Hotel & Casino prior to its acquisition by Harrah's Entertainment, Inc. in 1999. Under the direction of his father, Anthony learned the intricate details of the fast-paced, high-action casino business. He worked his way through the Rio learning all aspects of the business. He held various line level positions including dealer, floorman, change person, count team, doorman, bus boy, waiter, housekeeping attendant and facilities engineer. He then held several executive level positions including Executive Intern, Assistant to the Chairman/CEO, Vice President of Marketing, Vice President of International Marketing, Vice President of Corporate Marketing and Vice President of Gaming Operations.

With his deep involvement in the executive committee, Anthony was instrumental in raising the level of quality and service at the Rio, allowing the company to earn a variety of industry awards, including *Travel and Leisure Magazine's* prestigious "Best Hotel Value in the World."

After the Rio's acquisition, Anthony brought his expertise to Harrah's Entertainment in the capacity of Vice President of Corporate VIP Marketing. Under Anthony's direction, his team was responsible for over \$600 million in revenue while creating and implementing brand-wide marketing strategies and programs for the high-end market segments.

Wanting to expand his business development skills, Anthony left Harrah's Entertainment and joined the board of Marnell Corrao Associates (MCA), a preeminent builder of hotel-casinos and a Top 50 design-build firm. He served as Vice President of Global Strategies where he pursued and negotiated various business opportunities that supported MCA's strategic growth and expansion. It was during this time, when he recognized the limitations that outdated technology placed upon the design-build industry. These observations led him to the creation of computer software company TRIRIGA in 1999.

As Founder and CEO, Anthony led TRIRIGA from an industry start-up to a global leader in integrated workplace management software. In 2005, he assumed the role of Chairman of the company's Board of Directors. As Chairman, Anthony continues to stay involved in the strategic direction of TRIRIGA.

Even as he shook up the software industry, Anthony always had an involvement in the gaming business. He was Owner and Executive of Siren Gaming, LLC, an Indian gaming management company, that successfully managed all aspects of Valley View Casino located near San Diego, CA. He also served as a member of the San Pasqual Band of Mission Indians Executive Committee.

His constant search for additional opportunities to capitalize on long-term trends throughout Nevada led him to the formation of Marnell Sher Gaming, LLC. The union of the Marnell and Sher families continues to allow for the opportunity to seek out, identify and acquire hotel-casinos and cultivate markets throughout the state of Nevada.

In 2007, hoping to capitalize on his foresight for the Southern Nevada gaming market, Anthony announced his plan to return to the gaming industry and build, own and operate the \$1 billion M Resort Spa Casino, a project that would bear his name. After announcing his ambitious return to the industry, Anthony was named as one of the “25 People to Watch” by *Global Gaming Business*. On March 1, 2009, the M Resort successfully opened on time and under budget. That same year, Mr. Marnell was named one of Southern Nevada’s “50 Most Influential” by *In Business Las Vegas*.

Noted for his cutting-edge innovations with the M Resort, Anthony has appeared on national television programs including FOX Business and the FOX New Channel’s “FOX & Friends.” He has been featured in leading gaming industry publications including *Global Gaming Business* and *Casino Journal*, to name a few and has been recognized in local and national publications including the *Las Vegas Review-Journal* and the *Los Angeles Times*.

In 2009, Nevada Governor Jim Gibbons named Anthony to the Nevada Board of Equalization. Eager to continue to make a difference in the community, Anthony accepted the nomination and joined the five member board.

Anthony is also a board member of the Marnell Foundation. The Foundation supports various charitable causes and donates approximately \$2 million annually. Taking an active role in the Las Vegas community, Anthony serves on the board for the following organizations:

- Marnell Corrao Associates Board Member
- Tuscany Research Institute Board Member
- Henderson Boys and Girls Club Board Member
- Nevada Board of Equalization Board Member
- Marnell Foundation Board Member

Today, Anthony continues to be involved in various business ventures. He is the acting Chairman of Saddle West Investors, LLC and Chief Executive Officer of Aces High Management, LLC and Marnell Sher Gaming, LLC which currently own and operate the Colorado Belle and Edgewater Casino Resorts in Laughlin, NV and the Saddle West Casino Hotel in Pahrump, NV. The Saddle West is the current leader in the Pahrump market.

Born and raised in Las Vegas, Anthony attended the University of Arizona on a baseball scholarship where he was majoring in Wildlife Biology and Fisheries Science until he was offered a professional baseball contract with the San Diego Padres. He left Arizona after three years to play for the Padres. After his two-year stint with the Padres, he returned to Las Vegas to complete his education and soon after graduated from the University of Nevada Las Vegas with a Bachelor of Science degree in Hospitality Administration in 1998.

He and his wife Lyndy are the proud parents of three children: Rex, Anthony IV and Ariana.
